GREAT SALE of RUGS from the ORIENT 1/3 REDUCTIONS FOR THE LEGISTRY

Note that the reductions are one-third below the regular Macy marked prices, which are already one-fourth to one-third below prices elsewhere. This makes the cost to you *less* than the landed cost would be to the average importer.

HESE are authentic Rugs-every one of them. They are individual, too. Every one is a work of art in itself, and many are actual rarities. Scarcely a Rug in this remarkable collection is less than 50 years old, and many are much older. Yet every Rug is perfect and in good condition, because our

resident representatives in Constantinople take the pick of the market only, and reject every Rug that is not a genuine and worthy product of the Eastern hand-

This is a very unusual and rare opportunity to secure a piece of property that is not only in itself useful and beautiful, but will, like a good diamond, appreciate in value by the lapse of years. These exquisite Rugs will be admired and treasured by your children's children. Among them are the following:

24 Kirmanshah Carpets 19 Khorassan Carpets 5 Gorovan Carpels 15 Mahal Carpets

18 Turkish Carpets

1 Silk Carpet

27 Kirmanshah Rugs 45 Shira: Rugs 5 Silk Rues

"STRAUS" PIANOS and PLAYER PIANOS at Savings

At Macy's you both save in the cost to you, and gain in the quality and satisfaction-giving of the instrument you buy. Selling Pianos by the "easy payment plan" is a hard way to buy one, as many people have found out. Buy the best for the least money at Macy's.

"Straus" Pianos, \$136.00

Similar Piano excellence will cost you elsewhere \$225.00
The "Straus A" Pianos, full size, upright, overstrung grand, with 7 1-3 octaves, and complete with stool. Ivory keys and copper bass strings. Cases in hand-rubbed and polished mahogany veneer. Macy's price of \$136.00 includes delivery within our wagon limits, and tuning for one year.

88-Note Player Pianos for \$376.00

Complete with bench. Similar Player Pianos will cost you elsewhere, \$550.00

Quile apart from prices, we believe that in this Piano we have the best mechanism now on the market. The 6-point motor (consisting of 3 double acting cylinders) gives ready and instant response at any speed, and is absolutely "smooth."

The distinguishing points of this "Straus" Player are the ease of operation, the absolute lack of "mechanical" effect in the melody it produces and the range and rapidity of change of both "tempo"

and intensity or accent. In these vital points the "Straus" Player Piano is the equal of other Pianos on the market that cost many times as much.
